

**ECPM Seminar 1:  
Continuing Education Series – Frontiers in Drug Development**

**Translational Medicine in Drug Development  
Roles and Models - where do they fit?**

**University Hospital Basel, Hörsaal Pathologie, September 7, 2017**

---

**Thursday, September 7, 2017**

**Chairperson:** *nn*

<i>Time</i>	<i>Duration</i>	<i>Topic</i>
08:00-08:30		Registration for <b>external participants</b>
08:30-09:15	45	The Emerging Role of Translational Medicine in Drug Development <i>Jörg Goldhahn, Zurich</i>
09:15-10:00	45	Input of Translational Models and Approaches to Drug Development <i>David Umbricht, Basel</i>
10:00-10:30	30	Coffee Break
10:30-11:15	45	Translational Medicine Guide Transforms Drug Development Processes: The Recent Merck Experience <i>Bruno Osterwalder, Darmstadt</i>
11:15-12:00	45	Transition Between Research and Development Phases, Applied Clinical Biomarkers <i>Richardus Vonk, Germany</i>
12:00-12:45	45	Lunch Buffet
12:45-13:30	45	Translational Science in Medicine – Learning by Experience <i>Martin Wehling, Mannheim</i>
13:30-14:15	45	Principles and Practice of Drug Repositioning and Repurposing <i>Thomas Szucs, Basel</i>
14:15-14:30	15	Coffee Break
14:30-15:15	45	Repurposing Generic Drugs as New and Affordable Cancer Treatments <i>Laura Kleiman, Boston (not confirmed)</i>
15:15-16:00	45	Next Generation Biologics <i>Dominik Escher, Zurich</i>
